### Spirit Lake Housing New Offices.

The new building was completed around thanksgiving but I haven't gotten around to posting it to the web because of personal medical reasons.

The housing would like to thank Phil Lewis Mogan Whitetail and Doug Yankton for their hard and quick completion of the new offices. There were a lot more people that did work that we would like to thank also, you know who you are. These are the final pictures of our building.

Outside West Side

East Side Maintenance Bay

Kitchen

Kitchen (check out those appliances)

Receptionist Area

All the Offices

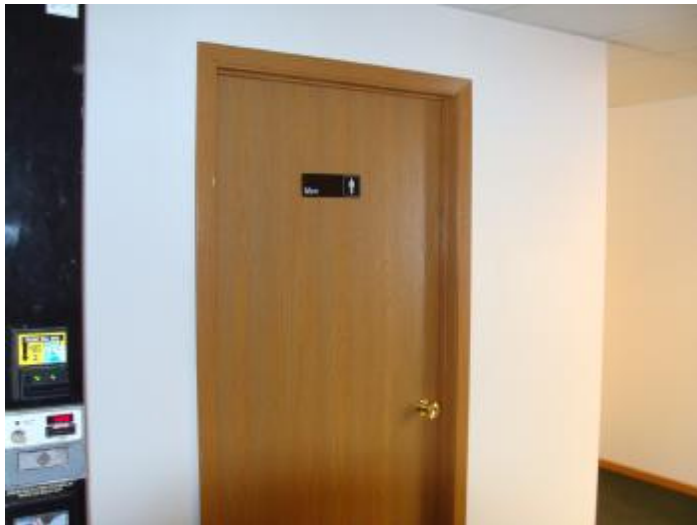

Lobby

Maintenance Office

Women's Bathroom

Men's Bathroom

Conference Room

Conference Room

We would like to invite everyone to stop in and check out our offices, we are still doing some work on some of them along with the warehouse on the south side where we are insulating it and will be putting two more offices.
